HAPPY NEW YEAR

EXTRAORDINARY FULL COUNCIL MEETING

A special meeting of the full council held on 9th January specifically to discuss the Devolution proposals. Although a vote will be taken the decision will be made at the Cabinet meeting following at 5.30 by the Leader and his cabinet colleagues from the Conservative administration. The cabinet agreed and this will now go back to the government to make further recommendations

New unitary with a population over 500,000 councils could be formed and a directly elected mayor to cover Suffolk AND NORFOLK!! A decision whether to postpone the SCC elections will be made by the government minister.

Motions Passed at Council

At Council on Thursday 12 December, three motions were passed more or less unanimously by councillors. The first was a Conservative motion opposing government's changes to Agricultural Property Relief, which mean that from April 2026, Suffolk farmers will only have relief from inheritance tax for up to £1m of combined agricultural and business property.

The Conservative motion also opposed industrialization of the countryside by major energy projects, including solar farms.

The motion brought by my group also related to solar farms, specifically the need to prioritise rooftop solar over solar farms and lobby for changes to planning so that new housing and commercial developments have solar panels, and priority is given to retrofitting solar to buildings or brownfield sites over new solar farms which take good quality farmland out of food production. For example, in France solar panels are often mounted on canopies above car parks to maximise space. As well as contributing to the country's net zero targets, solar panels could significantly reduce energy bills for Suffolk schools and libraries.

The final motion was tabled by the Conservatives on knife crime and proposed that a knife crime action plan for Ipswich be discussed at the next meeting of the Safer, Stronger Communities Board in March 2025.

Suffolk Economic Strategy

At Cabinet on Tuesday 3 December, a new economic strategy was tabled which followed the creation of the Suffolk Business Board earlier in 2024. The Board produced a strategy for the county for the next five years, listing the areas which are most important to the Suffolk economy, including clean energy, agriculture, tourism, and ports and logistics. It also outlined how the Board hopes that digital innovation, AI and robotics can help drive improvements and growth in these areas, along with plans to support start ups, provide business mentoring and skills projects with young people. for example,

We also expressed concern that the strategy barely mentioned arts, heritage and culture, and that no arts or cultural organizations were represented on the Board. The plan was

approved by the council's Cabinet, and the Suffolk Business Board will now finalise how it plans to deliver the strategy, and will report back to Cabinet every year on their progress.

Children's Services Improvement Plans

The Education and Children's Services Scrutiny Committee met on 5 December to review the plan for improvement following the Ofsted inspection of the council's children's social care provision earlier in the year. The Ofsted report was published in August 2024 and the council learned it had dropped two grades, from being rated Outstanding in 2019 its current grade of Requires Improvement. The council had to produce an action plan for improvement which it has submitted to Ofsted and the Department for Education. There will also be a new Strengthening Services for Children and Families Board, which will be chaired by the council's Chief Executive, Nicola Beach. The council particularly needs to improve services for care leavers and consistency of practice and quality assurance - this means reviewing interactions with children and families to make sure the council is doing the best it can to help them. This work is separate to the council's improvement work for Special Educational Needs and Disabilities (SEND), which is subject to a separate inspection process by Ofsted and the Care Quality Commission (CQC).
